BANDWOVE / EVENT OPERATIONS

Festival gate acceptance sheet

For the gate supervisor and ticketing lead. Use operator-issued rehearsal bands. The example rule permits same-day return after a recorded exit. Enter your event's actual policy below.

Event / date _____ **Gate / lane** _____

Supervisor _____ **Reader / mode** _____

Return policy _____

Starting state	Expected action	Operator log	Actual / ref.
First entry Valid day pass, outside, in its time window	Admit at the assigned gate.	One accepted entry, with gate and time.	
Already inside Same band presented again without a recorded exit	Refer under the published re-entry rule.	No second admission. Prior entry and disposition visible.	
Permitted return Recorded exit and pass permits return	Admit at the eligible return gate.	Accepted return linked to the same history.	
Wrong zone General-admission band at VIP	Redirect to the appropriate lane or help desk.	Zone decision recorded. No VIP occupancy increment.	
Replacement Old band retired, approved replacement issued	Use the replacement's authorized entitlements.	Old and new records linked. Old credential retired under the agreed propagation policy.	
Offline lane Approved offline or referral mode	Follow the signed-off lane instruction.	Mode recorded, exceptions reviewed, totals reconciled after sync.	

Release decision / follow-up owner _____
